"Straight America has been asleep on a deadly battlefield with a relentless enemy that is waging total war." Investigative journalist William F. Jasper wrote those words in the June 8, 1998 issue of *The New American* magazine in an article titled "Queering of America." That issue correctly predicted that the LGBTQ army was seeking more than tolerance — it would demand full approval.

In this episode, Mr. Jasper joins *TNA TV* host Paul Dragu and *TNA* executive senior editor Steve Bonta to discuss the top-down forces that set in motion the depraved and tyrannical LGBTQ machine 100 years ago, the truth about the destructiveness of non-heterosexual lifestyles, and whether Western civilization can beat back this destructive force and reclaim its virtuous values.
