How remarkable was Donald Trump's presidency? Was it unprecedented in American history? In this episode of "[Beyond the Cover](#)," Alex Newman answers that question with an emphatic yes. Newman wrote the feature article "A Visual Timeline: The Unprecedented Presidency of Donald J. Trump" in the "Trumpworld" collector's edition of The New American. And in this episode of "Beyond the Cover," Newman discusses with host Gary Benoit a number of actions that Trump undertook to show why his presidency was unprecedented, why Trumpworld rallied around him and still do so, and why the Deep State hates him.
