Top UN Court VS Trump on “Climate Change”

The United Nations is asking the International Court of Justice (ICJ) to rule on the alleged legal “obligations” of nations regarding combating CO2 emissions and the subsequent man-made “climate change” it causes, reports *The New American’s* Alex Newman on *Behind The Deep State*.

The ruling, set to take place later in 2025, is being tasked with putting the entire industrialized world “on trial,” as *The New Yorker* published. Analysts are projecting that the case will be the largest and most significant that the body has ever presided over. How will President Donald Trump, a staunch critic of the man-made “climate change” hoax, respond?
