Over the Christmas holiday, Elon Musk and Vivek Ramaswamy clashed with MAGA purists over America's H-1B visas program. Musk and company say the program is necessary to fill voids created by America's slacker culture. Critics say companies abuse it to get cheap labor and avoid hiring qualified American workers. Senior editor for *The New American* Bill Jasper breaks down the history of the program and how it's been abused over the years.

Also in this episode:

New York Gov. Kathy Hochul signed into law legislation that will force oil, natural-gas and coal companies to fork over \$75 billion in the name of climate change;

The Texas Attorney General of Texas has blocked the Biden administration from getting rid of any border wall materials over the next 30 days.
