UN Summit “Is a Wake,” Says Leading Climate Dissenter After Trump Win

The United Nations COP29 climate summit in Baku, Azerbaijan, has the enthusiasm of a wake in light of Donald Trump’s landslide win, explained ClimateDepot.com founder Marc Morano to The New American’s senior editor Alex Newman. Morano, author of “The Politically Incorrect Guide to Climate Change” and other New World Order-exposing works, also exposed Donald Trump’s newly appointed Environmental Protection Agency (EPA) head, uncovering him for being a true believer in climate alarmism. Ultimately, Morano explains that the true remedy to defeating global power-grabbing initiatives is eternal vigilance from patriots.
