Dr. Ron Paul - Champion for Life and Liberty

Dr. Ron Paul is a legend in the freedom fight for limited constitutional government, sound money, fiscal sanity, non-interventionism in foreign wars, and protection of the unborn. A former Air Force flight surgeon, Dr. Paul is also an obstetrician who has delivered thousands of babies. During his 24 years in the U.S. House of Representatives he refused to vote for any unconstitutional bill, earning him the proud title of "Dr. No." He has refused to accept government funds for his medical services and thus has cared for many of his patients free of charge. He is a staunch opponent of the Federal Reserve (calling for a full audit and then abolition of the Fed) and an advocate of a return to the gold standard. He is the founder and chairman of the Ron Paul Institute for Peace and Prosperity
