War erupted in the Middle East over the weekend, as the terrorist organization Hamas launched an elaborate and deadly invasion of Israel. The United States has already signaled that there's zero chance of staying out by moving a carrier into the eastern Mediterranean. What are the chances Hamas used American-made weapons we sent to Ukraine, and is it possible Russia is involved via Iran?

Today's other stories are seen through the prism of what's happening in Israel. While chaos continues along our southern border, why are so many military-aged men coming into the U.S.? And while the Deep State is trying to destroy Trump via lawfare, would the wars that have erupted since Biden became president have happened under Trump? TNA's Steve Bonta and JBS researcher Christian Gomez help break all this down.
