YouTube's Communist Standards Increasing, Trump Loses Gun Rights, & Naked MMA Fighter Gets a New Piercing

YouTube should totally change the name of its brand to OurTube- it would better describe the experience of users being crippled by its nanny state "community standards" which are ever more restrictive. Thanks to Alvin Bragg, Youtube is banning more gun related content. Surprise.

New York's gun rights tyranny doesn't stop there. It looks like President Donald Trump will lose his ability to defend himself from criminals through the bearing of arms in New York over non violent felonies. Hey, maybe this is a good time for some common sense gun laws. It doesn't make any sense to infringe upon the gun rights of people who have committed non violent felonies. If he didn't agree before, I am certain that Trump will agree with us now.

And our 2A For Today Modern Militiaman Spotlight is on Orange County California where a rideshare driver leapt into action to defend his neighbor. When he pulled up to find a naked man engaged in a full on MMA match with a middle aged woman, he fired a warning shot. What happens next?

You're watching 2A For Today! My name is Zoe.
