Imam Choudary: Royals May Be Attacked at Wedding

Quoting Choudary, [London's Daily Mail reports](#) that the forthcoming nuptials of Prince William and Kate Middleton might well be a target, and Choudary won't likely bat an eye if it happens. Choudary, an orthodox Muslim, has repeatedly and publicly justified Koran injunctions that "infidels," meaning anyone who is not a Muslim, must die.

Candid Assessment

Choudary was nothing if not candid about what the royals can expect, the [Daily Mail reported](#):

All Muslims should stay away from the public gatherings like the Royal wedding and the Olympics because there is a very high likelihood of an attack.

Prime targets most probably would be public gatherings like that, so I think Muslims in general should stay away to avoid injury.

Maybe when the priest says "is there anyone who objects to this wedding speak now or forever hold your tongue" — who knows what will happen at that time?

Choudary also said such an attack must be applauded because of the royal family's manifest evil:

If my brothers decide to use the opportunity when the world is looking at the Royal Family to pass a message so that we can avoid more deaths of innocent men, women and children in Afghanistan, that should be applauded.

Prince William has been on military duty in Afghanistan, as well as his brother.

I believe that the Queen and her children are supportive of the war in Afghanistan, which translates to us as a war against Muslims.

Choudary also seemed to express the belief that murdering the royal family comes under the protection of "freedom of expression": "I don't advocate anyone to try any operations of violence here but this is supposed to be a country where people believe in freedom of expression. I think people should express their freedom to loathe the monarchy and what they stand for."

Anti-crusader Website

The *Daily Mail* [also noted](#) Choudary's involvement in a sinister group called [Muslims Against the Crusades](#). Its website features pictures of the royal family, including Prince Harry adorned with a swastika. Another caption on a photo of the younger prince says "Harry the Nazi," [reprising a headline](#) in the *Sun*, "Best man is a Nazi."

The caption refers to Harry's [attending](#) a Halloween party dressed as a Nazi.

The website [also includes](#) a clock ticking down by the second the time to the wedding.

The website announces what is to come and why:

Britain's continued interference in Muslim lands is showing no signs of abating; the plundering of resources, the murdering of innocent [Muslim] men, women and children and the forced indoctrination of the satanic democratic creed have become hallmarks of a brutal regime led by a very brutal dictator.

In the backdrop of all this, we find that one of the biggest advocates of British imperialism, Flight Lieutenant Prince William, wishes to enjoy an extravagant wedding ceremony, ironically at the expense of the tax-payer.

His direct involvement with the murderous British military and eagerness to inherit the reigns [sic] of a kingdom built on blood and colonialism clearly demonstrate what type of legacy he wishes to leave.

In light of this, sincere Muslims have decided to organise a forceful demonstration, to once again highlight that as long Britain continues in its quest to occupy Muslim land and wage war against the religion of God [Allah] that we too shall continue in our efforts to undermine their regime and condemn all of their representatives, military or otherwise.

We strongly advise Prince William and his Nazi sympathiser, to withdraw from the crusader British military and give up all affiliation to the tyrannical British Empire.

We promise that should they refuse, then the day which the nation has been dreaming of for so long will become a nightmare and that it will inshaa'allah [God willing] eclipse the protests in Barking, Downing Street and the events of November 11.

Nov. 11 refers to the [massive leftist protest](#) on that date last year because of the government's plan to begin much-needed cuts in public spending.

Choudary's History

Choudary has [a long history](#) of hatred for his country and the West.

His Muslim [street thugs disrupted](#) a homecoming parade in Luton, just outside London, for British soldiers returning from duty in Afghanistan. British GIs, [he says](#), are cowards and "brutal murderers." And murdering non-Muslims [is a holy cause](#) because "infidels" reject Allah. [He wants](#) British Muslims to help terrorists and [has called](#) for the execution of Pope Benedict XVI.

So extreme are Choudary's views that [Islam4UK](#), a group he founded with another dangerous Muslim, [was banned](#).

[Choudary canceled his planned march](#) to advocate Sharia for the United States.
